

Model 60H

Hydraulic Sheet Lifter

This hydraulic-drive sheet lifter delivers the powerful, fast and efficient leg adjustments while smoothly applying additional force to the sides of the loads. Each unit is engineered to your exact specifications.

Product Features:

- Versatile handling of bundles, sheets, plates and other materials stacked horizontally
- Low-headroom design for optimum lifting capabilities
- One-person operation minimizes handling cost
- Hydraulic drive for smooth and fast leg adjustment allows more lateral forces applied to load sides
- Easy adjustment for different sheet widths
- Less maintenance than mechanical drives
- Broad adjustment range handles various load widths
- Complies with ASME standards

Product Options:

- End chains with plate hooks (recommended for all widths 72" and greater)
- Extended grab shoe lengths or adjustable finger design
- Longer legs increase load clearance
- Controls shipped mounted or loose
- Other voltages available
