Use to make this Drum Handling Sling:

Rated Capacity (lbs.)	Model Number	Drum Hook Width (in.)
1000	1HB2-N x 3' or 5'	2-7/8

Note: Use on metal drums only.

Great Gantry.

Every job site is unique. And that's why your equipment must be flexible and ready to go. How do you prepare for lifts inside, outside, or somewhere in between?

You count on Caldwell.

Portable Gantry Cranes give you options. Need one set up at the job site to lift 2x4s, shingles, or bricks? No problem. Want one back at the shop? Perfect. They go where you go and can be knocked down for easy transport.

Good choice.
