

# Special Application Web Slings

## Drum Handling Slings

### Versatile Drum Handling Sling

This sling allows for easy handling of various sizes of steel drums and barrels, and has a 1,000 lb. capacity. It is light in weight, high in strength, and is resistant to oil.

### PRODUCT FEATURES:

- Lightweight - weighs only 4 lbs.
- Versatile - lifts drums either vertically or horizontally.
- Self-tightening grip - sliding drum hooks tighten grip on load as drum is lifted.
- Tough - resistant to alkalis, ultra violet rays, rot and mildew.
